Services Limited

### Moving Smart Cube 1 Tunnel

When little ones crawl through, up, and around, they are learning to map their own bodies - the start of understanding how they fit into our world.

MAZE CUBE 600mm  
2 holes opposite  
includes nuts and bolts

### Moving Smart Cube 2 Twist

Tunneling with a twist! The right-angle openings challenge children to manoeuvre their bodies in a complex pattern of crawling in, turning, and crawling out.

MAZE CUBE 600mm  
2 holes 90 degrees  
includes nuts and bolts.

### Moving Smart Cube 3 Through and Up

Crawling and climbing combine with this three-way "T" shaped pattern, opening up the play for little ones to choose their own path.

MAZE CUBE 600mm  
3 holes 180 degrees  
includes nuts and bolts.

### Moving Smart Plank

Provides challenging pathways for young children to test their balance and coordination.

Plank 240 x 75 x 2400mm.

### Moving Smart Beam

Encourages focus and concentration as little ones challenge themselves to get from here to there one foot in front of the other.

Beam 100 x 75 x 2400mm.

### Moving Smart Even Ladder

Ladder play offers the challenging terrain children need to develop important physical capabilities and essential left-right brain connections. Ladder Regular, five rungs evenly spaced.

### Moving Smart Uneven Ladder

The irregularly spaced rungs of the Uneven Ladder enhance children's concentrated movements while developing prediction and planning abilities.

### Moving Smart Balance Board

Learning balance means knowing what out of balance feels like so the Balance Board provides fun challenges to a child's centre of gravity

### Moving Smart Launch Board

Homolateral movement (one side of the body still while the other is in motion) helps children develop complex brain pathways essential for learning.

### Moving Smart Happy Sticks Set of 30 pairs

Solid pine in six bright colours, to develop fine motor skills and hand/eye

### Moving Smart Shapes

Provide a rich and varied, shape-based playscape for kinaesthetic learning, helping children develop spatial awareness and reasoning.

GEOMETRIC SHAPES: 2 each of triangles, circles, squares, rectangles + stands x 4

### Moving Smart Hi Lo Bar

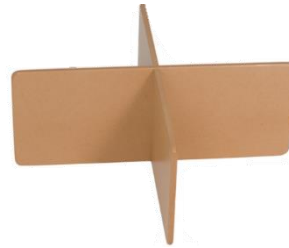

When little ones wiggle their way under or over the Hi-Lo Bar, they are learning essential directional concepts with their whole body... and brain!

### Moving Smart Beam Saddle

Reconfigure the beam into hundreds of different configurations with the durable, secure, and easy Saddle System.

Includes dowel and pin.

### Moving Smart Eye Tracking Garage

Allows four children to participate in eye tracking activities remaining focused without being distracted by those around them. (includes ball)

### Moving Smart Plank Saddle

Reconfigure the plank into hundreds of different configurations with the durable, secure, and easy Saddle System.

Includes dowel and pin.

### Moving Smart Eye Tracking Kit

Used to develop eye fitness and muscle strength so little ones can track words across the page (reading).

### Moving Smart High Saddle

Reconfigure the ladders and plank into hundreds of different configurations with the durable, secure, and easy Saddle System.

Includes dowel and pin.

### Moving Smart Scooter Board

Wheels are a powerful learning tool for speed, distance and control. Then the Scooter Board adds balance and strength for a full-body/brain work-out!

### Moving Smart Large Rocker

Rocks forwards and backwards, challenging children to work together to find and keep balance to find and keep balance through deliberate weight shifting movements.

### Dizzy Giddy

Children love the Dizzy Giddy because they love to spin! We love the Dizzy Giddy because underneath all that dizzy fun is a powerful developmental tool.

### Moving Smart Bean Bags

Make learning to throw and catch easy for kids while our machine wash design makes clean up easy for you! Sized-right for little hands.

### Stilts Pair

Great for coordination, balance and lots of fun!

### Moon Hopper

Great to encourage rhythm, coordination, timing, balance, stamina and endurance.

### Balloon Bags

Nylon bag, slow falling and easy control, extends the life of your round balloons.

### Skipping Rope

Great for co-ordination and dynamic balance. Available in 1.8m & 4.5m.

### Rebound Net

The Rebound Net appears simple enough, but it is rich in developmental benefits working to develop balance, proprioception, and eye/hand coordination.

### Ribbon Streamers

Kids just love these 3ft long brightly coloured satin-type 'double' ribbons with swivel end and coloured baton.

### Large Balls

### Balloons

### Replacement Parts Available:

#### Dowel & Lynch Pins

(Lynch pins can be sold separately).

#### Nuts & Bolts

#### Shape Stands

## Essential PMP Full Equipment List
